'the transformations of job in modern german literature

April 5th, 2020 - in modern times german authors have made ample use of the job theme the study examines the transformations that the story of job has undergone in german narrative and dramatic works from leopold von sacher masoch s der neue hiob 1878 to fritz zorn s mars 1977 the most striking feature of these works lies in their diverse characterization of the job figure as a mythical figure he remains'
