'Omamori Himari Anime AniDB

April 25th, 2020 - Animation Omamori Himari is my favorite manga for two reasons The first is the great art style and the second is just because of the very well drawn clothes and variety Note that this is all in the manga and NOT in the anime I am sure that a 720p release would make Omamori Himari more enjoyable to look at but would not fix its fluidity"
