'raku kilns studio operations and making work ceramic

April 25th, 2020 - i once built the classic updraft wood fired raku kiln but

basically used it to fire burnished work in the local clay was extremely fine particle 300 million year old earthenware clay all you had to do was rub it with a soft cloth to get a burnished surface the kiln was made out of brick covered with a layer of clay and i had construction crews dump wood off at the house" **fired up with raku by irene poulton overdrive rakuten**
