### Spring 2009 For information about citing these materials

December 23rd, 2018 - book of G F Simmons ?Introduction to topology and modern analysis? I like it ? but I think it is out of print In case anyone is interested in how to de?ne Lebesgue measure from where we are now ? and I may have time to do this later ? we can just use the integral as I outlined on Tuesday First we de?ne locally integrable'
