**"business of a woman's life and the making of the female"**

April 26th, 2020 - this chapter addresses the complex turns that the debate on women's work took in the specific context of the 1790s and more specifically still in the non-fictional and imaginative publications of one of the most vocal and eloquent mentors on this issue: Mary Wollstonecraft. Her extensive but by no means internally consistent reflections upon the labour and literary marketplaces signal
