'the local langlands conjecture for gl 2 book 2006

May 30th, 2020 - the local langlands conjecture for gl 2 contributes an unprecedented text to the so called langlands theory it presupposes no special knowledge beyond the beginnings of the representation theory of finite groups and the structure theory of local fields'

'the local langlands correspondence for gl n over p adic

June 1st, 2020 - of the methods of harris and taylor is the geometric construction of the local langlands correspondence and that it establishes many instances of patibility between the global and the local correspondence hence in all cases the local langlands conjecture for gl n is now a theorem we remark that in all cases the proof of the local'

'the local langlands conjecture for gsp 4

May 21st, 2020 - the local langlands conjecture for gsp 4 1845 that given by vigner and roberts finally in section 12 we give a global application using the results of this paper we establish the strong lifting of generic cuspidal representations from gsp 4 to gl we conclude this introduction with a number of subsequent developments'

'local langlands conjecture for gl2 waqar

May 17th, 2020 - local langlands conjecture for gl 2 waqar contents if fis a local eld all quasi characters f c are unitary example 1 8 let be a uniformizer then f o f z thus a quasi character of f is a character of o z f which is unitary by pactness and a number associated to 2 for instance jj f c is a'

'the local langlands conjecture for gl 2 edition 1 by

May 10th, 2020 - available in hardcover the local langlands conjecture for gl 2 contributes an unprecedented text to the so called langlands theory it is an ambitious due to covid 19 orders may be delayed thank you for your patience"the local langlands conjecture for gl 2 ebook 2006 May 13th, 2020 - the local langlands conjecture for gl 2 contributes an unprecedented text to the so called langlands theory it presupposes no special knowledge beyond the beginnings of the representation theory of finite groups and the structure theory of local fields'

'the local langlands conjecture for gl 2 colin j

May 17th, 2020 - princeton university library one washington road princeton nj 08544 2098 usa 609 258 1470

the local langlands conjecture for gl_2 university of

May 12th, 2020 - the local langlands conjecture for gl_n postulates the existence of a canonical bijection between such objects and n dimensional representations of the weil group generalizing class field theory this conjecture has now been proved for all f and n but the arguments are long and rely on many deep ideas and techniques'

'arxiv 0808.0917v1 math.nt 6 aug 2008

May 20th, 2018 - we describe the recent results about the local langlands conjecture for gl_n and so $2n-1$ in section 4 we discuss the global langlands conjecture which is still not well formulated in the number field case the work on the global langlands conjecture for gl_2 over a function field done by drinfeld was extended by lautenberger'

'outline of the proof of the geometric langlands conjecture

June 4th, 2020 - outline of the proof of the geometric langlands conjecture for gl_2 dennis gaitsgory to gerard laumon introduction 0 1 the goal of this paper the goal of this paper is to describe work in progress by dmitry arinkin vladimir drinfeld and the author 1 towards the proof of the categorical geometric langlands conjecture' *langlands program*

June 6th, 2020 - philip kutzko 1980 proved the local langlands conjectures for the general linear group gl_2 over local fields gerard laumon michael rapoport and ulrich stuhler 1993 proved the local langlands conjectures for the general linear group gl_n for positive characteristic local fields k

'the local langlands conjecture for gsp_4

May 28th, 2020 - the local langlands conjecture for gsp_4 3 the proof of the theorem relies on the local langlands correspondence for gl_2 and gl_4 and a consideration of the following two towers of dual pairs $gso_3 \times gsp_4$ and $gso_4 \times gso_2$ thus it relies on a study of the local theta correspondence arising between gsp_4 and the orthogonal'

'local langlands conjectures

May 22nd, 2020 - the local langlands conjecture for gl_2 of a local field says that there is a unique bijection γ from 2 dimensional semisimple deligne representations of the weil group to irreducible smooth representations of gl_2 that preserves L functions γ factors and matches with twisting by characters of f

'langlands conjectures functoriality

June 4th, 2020 - the local langlands conjectures for gl_n essentially predict a correspondence between admissible representations of gl_n and n dimensional weil deligne representations there is an equivalence of categories between bounded weil deligne representations and

'seminar on the proof of local langlands columbia university

June 4th, 2020 - seminar on the proof of local langlands during the 2018-2019 academic year yihang zhu and i organized a seminar on the proof of the local langlands conjectures for gl_n we focused on the scholze's work during the spring semester especially on his gl_2 paper s11'

'a problem in bushnell and henniart's book the local

May 12th, 2020 - on page 123 of chapter 5 in bushnell and henniart's book the local langlands conjecture for gl_2 they state an elementary property of tamely ramified extension of local fields which is as follows let e/f be a tamely ramified field extension of local fields let e be the ramification index'

'local global compatibility in the langlands programme for q

June 6th, 2020 - local global compatibility in p -adic langlands for gl_2 q 5 same paper the second of these results confirms again for v satisfying the given hypotheses a conjecture of fontaine and mazur 46 conj 3c'

'the local langlands conjecture for gl_2 grundhagen der

May 22nd, 2020 - the local langlands conjecture for gl_2 contributes an unprecedented text to the so called langlands theory it is an ambitious research program of already 40 years and gives a complete and self contained proof of the langlands conjecture in the case $n=2$ it is aimed at graduate students and at researchers in related fields' *overview of the p -adic local langlands correspondence for gl_2 pierre colmez*

November 18th, 2019 - overview of the p -adic local langlands correspondence for gl_2 pierre colmez national center for scientific research october 7 2010 introduction to the lecture series and and'

'the langlands conjecture for gl_2 of a local field

June 2nd, 2020 - the langlands conjecture for gl_2 of a local field by philip kutzko 1 let f be a p -adic field and let w_f be the absolute weil group of f then it is a conjecture of langlands that there should exist a bijection γ between the set of equivalence classes of semi simple two dimensional

'some introductory notes on the local langlands correspondence

May 31st, 2020 - the local langlands conjecture is a theorem for $n=1$ and also for $n=2$ it is also a theorem in many more cases but i don't know exactly what is known it might actually even be a theorem for all n by now my understanding is that the hard cases are those when $p=n$ and indeed we shall see later that $p=n$ is the hardest case'

2016 joint mathematics meetings seattle wa

May 2nd, 2020 - joint mathematics meetings washington state convention center and the sheraton seattle hotel seattle wa january 6-9 2016 wednesday saturday arnold conjecture via sft polyfolds peter albers mathematisches institut wwu münster triply imprimitive representations of gl_2 '
